

GROUP DISCUSSION (20+ MINUTES)

1. What does an excellent culture look like to you? Who has the best culture out of any **team** you know and why?
2. What are the major strengths on this team?
3. If you heard someone (a **person** on another team) describe our team culture as it stands today, what would they say? Would you be proud to hear their response?
4. What's lacking in our current culture that needs to be present?
5. If someone is being negative, what's the best way to squash the behavior? We are all responsible for culture on this team, so what would you do?
